SURVEY/UMFRAGE

What is and does a citizen cooperative?

A cooperative is a form of cooperation/association. In this case, residents of the Rijpelberg district took the initiative in one or more areas where the government or the market is failing. Security of existence, can we arrange that ourselves? We call BC De Rijpel an umbrella cooperative, as we want to collaborate in several areas.

Together or alone?

There are people who can handle life easily, but there are also those who have more difficulty with it. Alone is only alone and together you are stronger! Caring together, exercising or learning or working, cooking and eating from a *collective* vegetable/herb garden. Outsourcing/combining a garden job or trip to the dump.

Buy, rent, borrow or share?

Almost everything is for sale. But why should you? You can also rent products and services. Or even better: borrow or share (mutually)! Central purchasing of solar modules or air conditioning systems. Do you need tools? Do you want to share a car or bike in the neighborhood? Computer or other job??

Talk? Join? Decide?

The floor is yours! An (online) SURVEY is open to everyone until January 1, 2024. In De Brem Community center we tell you what we know during a number of WALK-IN EVENINGS and you can ask any questions.

The yet to be established Citizens' Cooperative De Rijpel (BC De Rijpel for short) becomes a completely autonomous and independent organization. A club of, for and by local residents.

Want to participate? Let us know if you become convinced of the usefulness of this initiative! Even if only a little.

**Let yourself be carried away by the
crazy ants**

The more people participate, the more BC De Rijpel can do for its members!
